

John's 1st Less-Legal Weapons Drop-in Conference
Breaking the Culture of Silence - Saving Our Lives

Saturday 19 November 2005, 2 p.m. - 5 p.m.

Friends Meeting House, 188 Woodhouse Lane, LEEDS. LS2 9DX.
Opposite Leeds University's Department of Electronic Engineering building

Why not drop in to our conference and exhibition during the afternoon? Learn about neuro-electromagnetic "less-lethal" weapons that we're not supposed to know about, weapons which not even Jane's covered, during their LLW conference at the Royal Armouries in October. Experience for yourself the effects of ultrasound technology.
